PROFESSORS JUDY RAMEY AND DAVID FARKAS SERVED THE DEPARTMENT FOR 30 YEARS

HCDE Professors Judy Ramey and David Farkas began teaching with the University of Washington in 1983, but 2013 marked their last quarter with the department. Both Ramey and Farkas were pioneers in the fields of technical communication and human centered design, and their contributions will long be remembered.

HCDE Professor Judy Ramey

As announced at Farkas's retirement party last fall, **HCDE alumnus and good friend James Prekeges proposed the David Farkas Endowment Fund to honor Farkas' legacy. Prekeges will donate $15,000 if HCDE can raise $15,000.** The endowment will support HCDE undergraduate students with financial need.

HCDE Professor David Farkas

When asked about his thoughts on the endowment fund, Farkas said:

"I've always been a teacher first. Through the endowment I can still make a contribution to educating students, even though I won't personally be teaching at UW. I'm very pleased that the endowment will assist students with financial need."

If you can help us honor Dave and reach our goal of raising $15,000, please give to the David Farkas Endowment Fund today.
